Green had criticized his wife for going out walking with another man, and, without saying a word, she shot herself through the heart. Overcome with horror, the husband picked up the same revolver and shot himself. The tragedy was not discovered until late to-day, when Green's employer sent to inquire why he had not come to work.

On his arrival here he went to the Manhattan Club for a chat with friends. He went later to the residence of William P. Sheehan, where he dined. He spent the night at Mr. Sheehan's house, and will return to Rosemount to-morrow.

## STOESSSEL ASKS FOR ARMISTICE

Tokio Hears Rumor, But Receives No Explanation of What It Means.

### MANY RUSSIANS ARE KILLED

(By Associated Press.)  
TOKIO, November 10.—It is reported that General Stoessel, commander at Port Arthur, has asked the Japanese for an armistice, the purpose of which is not stated. A confirmation of the report is unobtainable.

It is hoped here that General Stoessel will capitulate before the city proper is taken. The Japanese soldiers are angry and inflamed on account of the alleged abuse of their wounded by the Russians. They believe they will be murdered if captured. Under these conditions it will possibly be difficult to avoid a massacre when the troops meet in the final combat.

A report from General Nogai's headquarters before Port Arthur, dated November 9th, says:

"The enemy's military warehouse situated in the northern part of Port Arthur was bombed on November 8th with heavy siege and naval guns. The bombardment caused a conflagration.

On the afternoon of November 6th the magazine of an old battery on Sung Chow Mountain was exploded by our shells."

### Seven Hundred Killed.

(By Associated Press.)  
CHE FOO, November 10.—(Xinhua)—Else Mountain, according to Chinese, 120 of whom arrived here to-day from Port Arthur, is proving a costly obstacle to the Japanese. On the morning of November 6th and 8th, fierce assaults on the position were made by the Japanese, who were repulsed. During the second assault, a shell, soaring over the hills from Falichuang, dropped on Else Mountain and demolished a land mine and the mine-controlling station and exploded other mines.

The Russians were heading the trenches on the boundary of the mines section. Between six and seven hundred were killed or wounded. The Japanese, not having reached the place, were unhurt.

Else Mountain owes the best part of its strength to the peculiar topography of the surrounding country, which prevents a direct artillery fire, and does not enable the Japanese to advance trenches with the success evinced elsewhere. The Japanese advanced on it in both instances from behind distant hills, with the fullest force the ground would allow, but in the long distances which they were compelled to traverse, the Russian machine guns, their ranks were melted. Both times the Japanese broke the wire entanglements in places. One soldier with a leg torn off was seen trying to bite the wire.

### IN THE FAR NORTH.

Japanese Occupy Three Villages, But Are Driven Out. Reports of Skirmishes.

(By Associated Press.)  
MUKDEN, Nov. 10.—The Japanese to-day reported that they had occupied three villages, the Japanese, however, attacked, drove them out and again established original lines of defense.

Vice-Admiral Skrydloff arrived here to-day.

### Japanese Repulsed.

(By Associated Press.)  
ST. PETERSBURG, Nov. 10.—General Sakharoff, in a dispatch dated yesterday, reports the repulse of a Japanese attack November 8th on the Russian positions before Sincinpu. No fighting was reported to have occurred yesterday.

### Russians Repulsed.

(By Associated Press.)  
TOKIO, Nov. 10.—8:30 P. M.—Manchurian headquarters reporting November 8th, says:

On the night of November 8th two companies of the enemy attacked outposts, but were completely repulsed. "All is quiet in other directions."

## DR. FREDERICK LEFEW REPORTED DYING

Gives His Anti-Mortem Statement and Recognizes His Own Condition.

(Special to The Times-Dispatch.)

ROANOKE, VA., November 10.—Dr. Frederick Lefew is dying. Physicians say he may die any minute or may live through the night. His condition, which was regarded very favorable, grew worse last night. At a conference of physicians this morning it was decided that nothing more could be done for the dying man, except to administer the usual stimulants.

Commonwealth's Attorney Perkins was sent for and took the anti-mortem statement of the doctor, who also said he wished to be buried in Richmond. He told the physicians that he recognized that his case was hopeless, but to do anything that would give him a chance for life, it mattered not what the pain might be.

It was decided to-night to respect the wishes of the doctor and his family that they send for Dr. Stewart McGuire, and a telegram was sent to him. He is expected here to-morrow morning.
